Category: [Did You Know?](#)

The self-wringing sponge named Quickie was invented by PETER VOSBIKIAN... LUTHER SIMJIAN invented the ATM, military flight simulator, and the postage meter... ALBERT KAPIKIAN invented the Rotavirus vaccine injector... ROGER ALTOUNIAN invented the pressured inhaler and sodium therapy... PETER TER-POGOSSIAN was one of the fathers of positron emission tomography (PET) scanner, It was the first functional brain imaging technique... RAYMOND DAMADIAN invented the MRI machine... JIRAYR TEZEL invented the hair transplantation device... VARAZTAD KAZANJIAN is the father of plastic surgery... HAMPAR KELIKIAN invented the limb restoration surgical technique... ARA and BARON DARZI co-invented the minimally invasive robot-assisted surgery... Cybernetic communication expert HAIG KAFAFIAN designed aircraft control and missile guidance systems... EMIK AVAKYAN invented the text to speech to microfilm... ALEX MANOOGIAN is responsible for the single-faucet design (Delta)... ARDASHES AYKANIAN invented the bendy and spoon straw, the firm form of Tupperware, the blue strip on car windshields... RUEN ESKERJIAN invented an anti-aircraft gun during WWII... SEMYON KIRLIAN is the inventor of high-voltage photography... HARRY TOROSSIAN invented the ice cream cone and the Melba toast... HARRY K. DAGHLIAN Jr. was part of the Manhattan Project during WWII.
