NOUBAR AFEYAN AND ARMENIA 2041

Posted on June 24, 2021 by Keghart

Category: Opinions

Dr. Noubar Afeyan is an innovator, entrepreneur and philanthropist. He is the co-founder of the biotechnology company Moderna Inc. and Aurora Humanitarian Initiative. He is involved in many projects that have bearing on Armenians, notably Armenia 2021 and now Armenia 2041 - The Future Armenian

In this interview he outlines what's in future for 2041, speaks about challenges that people in RoA and Armenians globally face.
