Someone said Armenians are the biblical  
"Job among nations." 2020 proved the  
observer was on the money.

The year witnessed the invasion of Armenia's Nagorno-Karabakh  
by Azerbaijan, Turkey and jihadi mercenaries.

Some 5,000 Armenian fighters and civilians lost their lives.  
Incalculable damage was done to property and infrastructure.

With the Annus Horribilis winding down, we wish you  
a Happy COVID-less 2021 and peace for Armenia
