In November 2008 a panel discussion about environmental issues and preservation of nature in Armenia was held in Montréal, organized by Nakhijevan Institute of Canada, AWAC (Armenian Women's Association of Canada),and Keghart.com.

Mining and industrial city of Alaverdi

Environmental Scientist Dr. Anahid Shirinian-Orlando was invited from USA to take part in the discussions. The videos were not published on time because of technical matters. They are now released to the public on the occasion of the anniversary of the panel discussion. ***Oush lini anoush lini***. A close English equivalent would be ***better late than never***.
