From a distance, the flags of Armenia and Colombia seem similar. However, there are three major differences between the two tricolors. Both flags have red and blue, but the third color is orange (Armenian) and yellow (in Colombian) flags. The Armenian flag has red at the top, blue in the middle, and orange at the bottom. The Colombian is the reverse: it starts with red at the bottom, blue in the middle, and yellow at the top. As well, in the Armenian tricolor the three bands have the same width. In the Colombian, the yellow band is wider than the other two bands.
