The Gampr is a native dog of the Armenian Highlands. Its history goes back to 10,000 years. There are several variations of the gampr: the shepherd; the hunting; the mountain guide… The Armenian Gampr Club of America tries to preserve the integrity of the breed, contact owners, maintain breeding records, educate prospective owners, and rescue gamprs who are in need. But the main aim of the club is to maintain the best genetic standards of the dog.
