

# INVENTION OF KEROSENE LAMP

*Posted on June 7, 2016 by Keghart*

Category: [Did You Know?](#)

The Kerosene lamp was invented in Poland by Ignace Tukaszewicz, an Armenian whose roots went back to 12<sup>th</sup> century Cilicia. The large and prosperous Armenian community of Poland began its decline in the 17<sup>th</sup> century when the pope preached against the Armenians because they didn't follow the tenets of the Roman Catholic Church.
