Toronto, 1 September 2022

Shushi Daniel Ghazarian Music School has reopened its doors. Last year there were 80 students, this year we have 170 !

This is the only school in Stepanakert where the students start the day with a breakfast. They spend the morning with academic classes, then have lunch and in the afternoon they each learn how to play an instrument or take vocal lessons.

The pictures are from today, Sept 1, the first day of the school season.

Congratulations to the founder, the principal, the teachers, the parents, the students and of course also to the Sponsors !
