25/12/2018

Dear friends,

The calendar tells me that it's Christmas Day. Many of you celebrate it, and many others will observe it in January. Being an agnostic I have abandoned marking religious dates a long time ago. However, I take this opportunity to wish you and your loved ones a healthy life and prosperity for the coming year and beyond. Foremost, I wish peace for all.

Sincerely,

Dikran Abrahamian
