Alan Whitehorn, May 2012

> ***Return to Armenia*** *is a bilingual collection of personal and political poems. It expresses the enduring painful legacy of the Armenian Genocide. It reveals the survivors' trauma and the separation and fragmentation of life in the Diaspora. The book also takes the reader on an intellectual odyssey to the four points of the compass of the author's ancestral homeland. In the later sections, some of the challenges facing contemporary Armenian society are explored and the quest for identity in a complex and cosmopolitan world posed.*
