An excellent rendition. Some opportunists among us will never cease stirring the pot and destabilize an already shaken nation. For what end? Greed? Power? Hatred to anything and everything? What does motivate these people? On top of all morally and otherwise corrupt Karekin II blesses them. "Voghpam ezkez hay joghovurt" Harut

You have managed to definitively convince me that it is impossible to cure an Armenian brain from an implanted nauseating disease of hatemongering.
